To Whom It May Concern:

We have enlisted the services of The Commercial Agency for about the past eight years. They have handled all of our collection matters during that period of time in a prompt, efficient and entirely professional manner. The Commercial Agency and its staff have been effective in getting results from our most difficult and previously nonresponsive customers. The staff has been extremely attentive in handling our account.

We can strongly recommend The Commercial Agency and its staff to any company looking for an aggressive, but highly professional collection agency.

Sincerely,

LAKESIDE LUMBER COMPANY
